

The **Leicester Greek School** and the **Community Partnerships Team at the British Museum** are cordially inviting you to an exciting **object-handling workshop!** The event will be covered by the Cyprus Broadcasting Corporation (RIK) and will be shown on the TV show "Η Παρουσία μας"!

Date: Saturday, 6 February 2016

Time: 12-2pm

Venue: Leicester Greek School

This is a wonderful opportunity for you to

- spend time with your children/grandchildren and other members of the community
- explore authentic objects from the museum's ethnographic collection
- take part in a range of object handling activities to make up and share stories around these objects, and
- gain new experiences.

We would also like to ask each participant to bring **one object that means something to you, your family or your culture.** Your object does not have to be exotic or expensive or very old, but it's important that there is a story behind it.

To find out more information about this opportunity or to reserve a place email Marina Charalampidi at Charalampidi.marina@gmail.com or leicestergreekschool@gmail.com

We look forward to seeing you at the Greek School!

Note: Special thanks to the British Academy for providing the funding for this workshop.
